- στάσεις και συμπεριφορές που προωθούνται από το φόβο και την άγνοια για τον άλλο.

### One extraordinary young man: A tale of two narratives

The measure of a person cannot be accurately measured in times of ease when there are no challenges to confront, no mountains to climb. The measure of a person can only be accurately experienced in times of difficulty, sometimes in serious difficulty, and with challenges that are even unimaginable. And when you happen to come upon such a person who has survived, even thrived in the face of unspeakable abuse and cruelty, and they remain steadfastly in the game of life, well, this person needs to be made an example of. Of what is possible. Of how you can turn a life that has undergone serious trauma into a story of hope and of opportunity.

In order to create an environment whereby students can live safely, succeed academically, and develop skills for life, leadership, and service, the College relies upon students to know and adhere to standards of behavior pertaining to personal and academic integrity, guided by the Student Honor Pledge, College policies and Greek laws. Students are expected to respect the rights and privileges of others and to exhibit both inside and outside the classroom conduct becoming of a student in both manner and attitude. To this end, the College has developed its own standards for student conduct as well as procedures for disciplinary action.

**If you would like to report an incident to the Office of Student Affairs, Residential Services or the Office of International Student Services please complete the [Incident Report Form](#) below.**

# Καλές Πρακτικές στην Εξυπηρέτηση

Η αναγνώριση της ανάγκης για ενσυναίσθηση και η στρατηγική ανταπόκριση του Οργανισμού εγγυόνται ότι η εξυπηρέτηση με ενσυναίσθηση είναι κανόνας και όχι εξαίρεση, είναι τρόπος λειτουργίας και όχι «χάρη» σε κάποιον ή «θυσία» από κάποιον

Η λειτουργία με ενσυναίσθηση δυναμώνει τα άτομα και τον Οργανισμό, κάνει όλους να νιώθουν ως κοινότητα, και δυναμώνει όταν επιβραβεύεται
