

Technology that brings your ships to life

About us

- Developer of cutting-edge technology solutions that respond to the real needs of maritime IT managers
- Top performing connectivity provider with significant global market share
- Established in 1999 with a tight focus on merchant shipping
- The Navarino Group consists of Navarino UK, Greece, Norway, Cyprus, Germany, Singapore and Hong Kong

‘Year-on-year demand for data was highest among container shipping companies, more than doubling (108%) in June 2022 compared to June 2021....

....while use of connectivity increased by 70% among oil tanker operators and by 47% on bulk carriers over the same period.’
